CALENDAR.

1878.

- June 12, 13, 14, Wednesday, Thursday, and Friday—Final Examination of Senior Class.
 June 20, 21—Examination of Junior Classes.
 June 23, Sunday, Evening—Baccalaureate Sermon.
 June 24, Monday, Evening—Junior Exhibition.
 June 25, Tuesday, Morning—Class-Day Exercises.
 Evening—Oration and Poem before Literary Societies.
 Orator—J. P. LITTLE, Scientific Class, '77.
 Poetess—ROSE VOORHEES MILLS.
 June 26, Wednesday, Evening—Oration and Poem before Alumni.
 Orator—B. E. JAMES, Class of '77.
 Poetess—LELIA S. BULLOCK, Class of '77.
 June 27, Thursday—Commencement Exercises by Graduating Class.
 Evening—Social Reunion.

SUMMER VACATION.

NORMAL SCHOOL YEAR.

1878-79.

- September 4, Wednesday—First Term begins.
 December 6, Friday—First Term ends.
 December 9, Monday—Second Term begins.

1879.

- March 14, Friday—Second Term ends.
 March 17, Monday—Third Term begins.
 June 12, 13, Thursday and Friday—Examination of Junior Classes.
 June 15, Sunday, Evening—Baccalaureate Sermon.
 June 16, Monday, Evening—Junior Exhibition.
 June 17, Tuesday, Morning—Class Day Exercises.
 Evening—Exercises by Literary Societies.
 June 18, Wednesday, Evening—Exercises by Alumni.
 June 19, Thursday—Commencement Exercises by Graduating Class.
 Evening—Social Reunion.

STUDENTS. 1877-78.

SPECIAL STUDENTS.

COURSES OF INSTRUCTION.

The Normal School Law provides for two distinct Courses of Instruction: the Elementary Course, and the Scientific Course.

ELEMENTARY COURSE.

PREPARATORY.

Arithmetic—oral and written—English Grammar, Geography, Orthography, First Principles of Natural Science, Reading, Penmanship.

JUNIOR YEAR.

FALL TERM.—Algebra, beginning at Equations; Grammar, Arithmetic.

WINTER TERM.—Algebra, half term; Arithmetic, beginning at Percentage, half term; Physiology, Grammar, Geography, Didactics.

SPRING TERM.—Arithmetic reviewed, History, Constitution of United States, Latin, Didactics.

SENIOR YEAR.

FALL TERM.—Geometry, Natural Philosophy, Mental Philosophy, Rhetoric, Latin.

WINTER TERM.—Geometry, half term; Natural Philosophy, half term; Didactics, Rhetoric and Literature, Botany, half term; Latin.

SPRING TERM.—Botany, Drawing, Physical and Mathematical Geography, Rhetoric and Literature, Latin.

For admission to Junior Class, examinations must be passed, showing a fair knowledge of Orthography, Reading, Descriptive Geography, Grammar, oral and written; Arithmetic, and Algebra to Simple Equations.

SCIENTIFIC COURSE.

JUNIOR YEAR.

FALL TERM.—University Algebra, Solid Geometry, Chemistry, Latin Grammar, and Latin Reader.

WINTER TERM.—University Algebra, Latin Reader, General History, Zoology.

SPRING TERM.—Trigonometry and Surveying, English Literature, Geology, Latin, English Classics.

SENIOR YEAR.

FALL TERM.—Analytical Geometry, Natural Philosophy (Snell's Olmsted's), Cæsar.

WINTER TERM.—Calculus, Natural Philosophy, Cæsar.

SPRING TERM.—Calculus, Moral Philosophy, Logic, Astronomy, Reviews.

SUBSTITUTIONS.—Ladies may substitute Latin, French, and German, for Spherical Trigonometry, Analytical Geometry, Calculus, the mathematical part of Natural Philosophy and Astronomy, and the last third of University Algebra.

NOTE.—The Scientific Course also includes the Elementary Course.

Classes are also formed to accommodate the wants of those who are unable to take the regular course.

MUSICAL DEPARTMENT.

This department, under the direction of Prof. A. Kaelin, affords to students thorough instruction on the Piano Forte and Organ, and in Thorough Bass and Harmony. The Stuttgart Method of instruction is the one pursued.

EXAMINATIONS.

Candidates for graduation are first examined by the Faculty, and, if found qualified, are recommended to the State Board of Examiners.

The State Superintendent, who is the President of the Board, two Principals of Normal

Schools, and two County, City, or Borough Superintendents, constitute the Board of Examiners.

DIPLOMAS.

A student graduating in the Elementary Course receives a diploma, in which is named the branches studied, and by which he is constituted BACHELOR OF ELEMENTS; the diplomas of those graduating in the Scientific Course enumerate the distinctive branches of the Course, and constitute their holders BACHELORS OF THE SCIENCES.

Regular graduates who have continued their studies for *two years* after graduating, and who have practiced their profession for *two full annual terms** in the Common Schools of the State, on presenting to the Faculty and the Board of Examiners a certificate of good moral character, and skill in the Art of Teaching—from the Board or Boards of Directors in whose employ they have taught, countersigned by the County Superintendent—may receive second diplomas, constituting them Masters in the several studies embraced in the course in which they graduated, and conferring upon them the corresponding professional degrees:

TEACHER OF ELEMENTARY DIDACTICS;

TEACHER OF SCIENTIFIC DIDACTICS.

The Normal School law makes it the duty of the State Board of Examiners to grant Diplomas or State Certificates to actual teachers of Common Schools, without their having attended the Normal Schools as students, upon the following conditions:

1. The applicant must be twenty-one years of age; of good moral character; and must have taught successfully during three consecutive terms, in Common Schools of this State. The proof of good moral character and of satisfactory teaching for the requisite term, must be, a certificate from the proper Board or Boards of Directors, signed by the President and Secretary, and countersigned by the proper County Superintendent or Superintendents.

2. The examination may be in either the Elementary or the Scientific Course, as the applicant may select, according to the list of studies as printed in the circulars of the State Normal Schools, and approved by the State Superintendent; or in such other studies as may by the Board of Examiners be deemed equivalent.

3. Each applicant is required to prepare and present to the State Board of Examiners an original thesis, of not less than six folio pages of manuscript, on some professional subject, which thesis is to be retained at the school where the examination takes place.

* An annual term must be at least *five months*.

4. The examination and certificate are without expense to the applicant, and the certificate is full evidence of qualification to teach the branches therein named, in any part of the State, without further examination.

5. Practical teachers, attending examinations at State Normal Schools for the purpose of procuring State Certificates, are examined separately from the regular students; and both the State Board of Examiners and the Faculty of the school at which the examination is held, take part in the examination, all being required to sign the certificate.

MISCELLANEOUS.

Before students are graduated, they are required to write a thesis upon some educational subject.

No person can be graduated from a Pennsylvania Normal School, who has not attended the school at least one half of a school year.

Applications for second diplomas must be presented to the Board of Examiners, at the regular annual examination of the school.

EXPENSES.

Tuition in all branches, including Book-Keeping, Drawing, Penmanship, and Vocal Music, and Board, including fuel, oil, room-rent, and ordinary washing, \$63.00 per term, or \$189.00 per year.

The first payment, \$40.00, to be made on the first day of the term; the second payment, \$23.00, to be made at the middle of the term.

No deduction is made for absence of less than three weeks, and then only in case of sickness.

The total expenses per year are \$189.00. When students avail themselves of State Appropriation, the expenses are reduced for the Junior Year to \$168.00, and in case of Soldiers' Orphans, to \$147.00.

For the Senior Year the expenses are reduced to \$118.00, and in case of Soldiers' Orphans, to \$98.00.

Tuition without board, including all branches as above, \$14.00 per term, or \$42.00 per year. The first payment, \$8.00, to be made the first day of the term; the second payment, \$6.00, to be made at the middle of the term. No deduction for absence of less than half a term.

Instruction on Piano Forte, per term of twenty-four lessons, \$12.00.

Use of instrument two hours per day, per term, \$2.00.

Music bills payable each half-term in advance.

Students' rooms are furnished with stoves, chairs, tables, stands, pails, bedsteads, mattresses, pillows, and one comfortable.

Students furnish lamps, mirrors, wash-bowls and pitchers, napkins, towels, pillow slips, sheets, and one comfortable. The last five articles enumerated, *together with all clothing, should be distinctly marked with full name.*

For two days at the opening, and two at the close of each term, students and their baggage are carried to and from the railway station, free of charge.

All baggage should be distinctly marked with the name of the owner, and "State Normal School," to insure its being brought to the Normal Buildings. Whenever baggage is to be taken to the station, it should be marked with the name and destination of the owner.

Produce, limited by the wants of the Institution, will be taken in payment for board, whenever patrons prefer to make payments in this way.

The ordinary text-books are rented to the students.

Students are required to board in the Institution, unless specially excused by the Faculty to board elsewhere.

All bills must be settled with Prof. Allen, to whom applications for rooms or admission to the school must be made.

STATE APPROPRIATION.

By a recent act of the Legislature, the following appropriations are made by the State to Normal students and Normal graduates :

1. Each student over *seventeen years* of age, who shall sign a paper declaring his *intention* to teach in the Common Schools of the State, shall receive the sum of Fifty Cents per week.

2. Each student who has been *disabled in the military or naval service* of the United States, or of Pennsylvania, or whose *father lost his life* in said service, and who shall sign an agreement as above, shall receive the sum of One Dollar per week.

3. Each student who, *upon graduating*, shall sign an agreement to teach in the Common Schools of the State *two full school years*, shall receive the sum of Fifty Dollars.

4. Any student, to secure these benefits, must attend the School at least twelve consecutive weeks. The State appropriation is to be deducted from the regular expenses of students for board and tuition.

MODEL SCHOOL.

Connected with the Normal School is a Model School of 100 pupils. This school is taught chiefly by the Normal Students, under the supervision of the Principals and competent and experienced Critic Teachers.

CABINET.

There are now more than 5,000 specimens in the Cabinet, among which are—

1. The Foster collection of minerals. This magnificent collection, consisting of 2,500 specimens, the Committee were exceedingly fortunate in purchasing from Enoch Foster, Jr., A. M., of Bethel, Maine. Fifteen hundred specimens of this collection were classified and labeled by that very careful scholar, Prof. Shepard, of Amherst College. The remainder were added by Mr. Foster, who is himself a man of considerable taste.
2. The Smithsonian collection. This was the generous gift of the Smithsonian Institute, Washington, D. C., through its Secretary, Joseph Henry, LL. D. There are about 100 minerals; a large number of specimens of rocks, representing the building material of the various public works in Washington; and a valuable collection of shells. These were labeled by the mineralogist of the Smithsonian Institute.
3. The Conchological collection. This consists of one hundred genera and four hundred species of shells, all carefully labeled—purchased by Profs. Fradenburgh and Smith, and presented to the Institution.
4. The Eyster collection. This was the gift of Dr. Eyster, of Harrisburg, Pa.; it consists of about 100 minerals.
5. Prof. Fradenburgh presented a collection consisting of about 150 specimens, minerals, and fossils (mostly Trenton and Niagara).

Students will find good facilities for scientific investigation. Those who are engaged in original investigation, and not connected with the school, will be permitted, under proper restrictions, to avail themselves of the advantages afforded by this Cabinet.

APPARATUS.

The Philosophical and Chemical Apparatus is sufficient to afford students the opportunity to perform most of the experiments necessary to develop the principles of the sciences pursued.

NORMAL LITERARY, AND ATHENÆAN SOCIETIES.

These are Literary Societies composed of students of the Normal School. They have small but select libraries. Literary exercises are held weekly, and each Society gives an annual literary entertainment.

RELIGIOUS PRIVILEGES.

The churches of Mansfield are Methodist, Baptist, Presbyterian, and Episcopal. Connected with the school are a Sunday morning Bible Class, and Sunday and Wednesday evening Prayer Meetings, which all the students have the opportunity of attending.

LOCATION.

Mansfield is a village of about 1,500 inhabitants, situated on the Tioga and Elmira State Line Railroad, thirty-five miles from Elmira, N. Y., and ten miles from Blossburg, and on the Troy and Wellsboro Stage Line, sixteen miles from Troy, and twelve miles from Wellsboro. By a special act of the Legislature, no intoxicating liquors can be sold, nor billiard tables kept, within a radius of two miles of the State Normal School buildings.

Students coming via the Northern Central Railroad, take stage from either Roaring Branch or Troy, or railroad from Elmira, N. Y. Those coming by Lehigh Valley Railroad, change cars at Elmira. Those coming by the Erie Railroad, from the West, change cars at Corning or Elmira, N. Y., and from the East, at Elmira.

BUILDINGS AND FIXTURES.

The South Building is of brick, one hundred fifty feet in length by fifty feet in width. The rooms for students are large, with extra height of ceiling. This building and grounds cost about thirty-six thousand dollars.

The North Building, also of brick, is situated one hundred fifty feet north, and the same distance east, of the South Building. It is one hundred fifty feet in length and

four stories in height. The main building is 78x43; and the two wings, with sixteen feet of front projection, are each 36x57. This building and grounds, together with the furniture, cost about forty thousand dollars.

The boarding hall, which is in the North Building, is so arranged that students are grouped in families of ten at the tables, pupils of both sexes being seated around each table. The grouping is made with distinct reference to the cultivation of social habits, and the rules of good society.

APPLICATIONS FOR TEACHERS.

Many Principals of Academies and Seminaries, and Directors of Common Schools apply at this Institution for teachers. Good teachers are furnished whenever practicable; but School Officers must not suppose that all persons who attend a Normal School three to six months, are thereby made good teachers.

GENERAL REMARKS.

If those desiring to enter the school are not prepared to make many sacrifices, to make study their first and only aim while here, to work diligently and faithfully, to be honest in all things, they should go anywhere but to a Normal School.

The Normal School is intended to be a self-governing Institution. The persons to whom it offers decided advantages, must of necessity be those who well understand what is requisite, in order that the largest return may be received by them for their outlay of time and money. If any, through inadvertency, give evidence that they have mistaken the school in this respect, there will be no hesitancy in granting them a perpetual furlough.

THE ALUMNI.

OFFICERS.

PRESIDENT—JOSEPH C. DOANE.

SECRETARY—DORA N. WOODRUFF.

TREASURER—JOSEPH S. HOARD.

CLASS OF 1866--Elementary Course.

*Lizzie B. Ames.
